Powering Comfort, Elevating Performance

CONINCO

COMFORT CHANGES THE EXPERIENCE

In open commercial environments, comfort shapes how long people stay, how they move and how they remember a space. HVLS airflow helps create a more balanced indoor experience across high ceilings and busy floor areas.

AIRFLOW

Move more air through large-volume spaces.

FEWER HOT SPOTS

Support a more even comfort experience.

COMFORT

Keep guests, customers and teams comfortable.

HVAC COORDINATION

Complement the way heating and cooling systems operate.

Seletar Country Club

RESTAURANTS and BARS

- RESTAURANTS
- CAFÉS
- FOOD COURTS
- BARS

Singapore Jumbo Seafood

From breakfast service to late-night dining, balanced airflow helps guests stay comfortable while teams work efficiently. Quiet air movement supports circulation without competing with the atmosphere.

CUSTOMER COMFORT

Creates a pleasant environment that encourages guests to stay longer.

QUIET AIRFLOW

Delivers powerful performance with minimal noise so the ambience remains undisturbed.

AIR CIRCULATION

Promotes even air distribution to reduce hot and stagnant spots.

HVAC COORDINATION

Works with HVAC systems to support consistent comfort and efficiency.

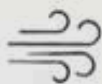

HOTELS & RESORTS

In hospitality, every detail contributes to the guest experience. CONINCO HVLS airflow helps support a comfortable atmosphere across spacious public areas, from arrival to dining, events and relaxation.

RETAIL & SHOPPING CENTERS

- MALLS
- SUPERMARKETS
- RETAIL STORES
- ATRIUMS
- FOOD COURTS
- ENTRANCES

Comfort supports the way people browse, work and move through retail environments. CONINCO HVLS airflow helps bring a more balanced experience to open areas, shared spaces and high-traffic entrances.

CUSTOMER COMFORT

A more pleasant environment keeps visitors comfortable and encourages them to stay longer.

EMPLOYEE COMFORT

Better working conditions help teams stay focused, productive and ready to serve.

AIRFLOW IN OPEN AREAS

Consistent air movement helps maintain a more even feel across large, high-ceiling spaces.

COORDINATED SYSTEMS

Works seamlessly with HVAC, lighting and building systems for balanced performance.

TRANSPORTATION & LARGE PUBLIC SPACES

Large public spaces need clear circulation, durable design thinking and comfort that works at scale.

CONINCO HVLS solutions support a more considered airflow experience across open halls, terminals and gathering spaces.

- METRO STATIONS
- RAILWAY STATIONS
- AIRPORT TERMINALS
- BUS TERMINALS
- CONVENTION CENTERS
- EXHIBITION HALLS
